122. REGISTRATION REQUIREMENT FOR PETITIONERS SEEKING TO FILE H-1B PETITIONS ON BEHALF OF ALIENS SUBJECT TO NUMERICAL LIMITATIONS

EO 13771 Designation: Other

Legal Authority: 8 U.S.C. 1184(g)

Abstract: The Department of Homeland Security proposes to amend its regulations governing petitions filed on behalf of alien workers subject to annual numerical limitations. This rule proposes to establish an electronic registration program for petitions subject to numerical limitations for the H-1B nonimmigrant classification. This action is being considered because the demand for H-1B specialty occupation workers by U.S. companies has often exceeded the numerical limitation. This rule is intended to allow U.S. Citizenship and Immigration Services (USCIS) to more efficiently manage the intake and lottery process for these H-1B petitions. The Department published a proposed rule on this topic in 2011. The Department intends to publish an additional proposed rule in 2018. The proposal may include a modified

selection process, as outlined in section 5(b) of Executive Order 13788, Buy American and Hire American.

The proposed changes are intended to streamline the existing processes for filing motions and appeals and will reduce delays in the review and appellate process. This rule also proposes additional changes necessitated by the establishment of DHS and its components. The proposed changes are intended to promote simplicity, accessibility, and efficiency in the

administration of USCIS appeals and motions. The Department also solicits public comment on proposed changes to the AAO's appellate jurisdiction.

Abstract: The Department of Homeland Security (DHS) is considering making regulatory changes to the EB-5 Immigrant Investor Regional Center Program. DHS issued an Advance Notice of Proposed Rulemaking (ANPRM) to seek comment from all interested stakeholders on several topics, including: (1) The process for initially designating entities as regional centers, (2) a potential requirement for regional centers to utilize an exemplar filing process, (3) continued participation requirements for maintaining regional center designation, and (4) the process for terminating regional center designation. While DHS has gathered some information related to these topics, the ANPRM sought additional information that can

help the Department make operational and security updates to the Regional Center Program while minimizing the impact of such changes on regional center operations and EB-5 investors.

126. EB–5 IMMIGRANT INVESTOR PROGRAM MODERNIZATION

EO 13771 Designation: Other

Legal Authority: 8 U.S.C. 1153(b)(5)

Abstract: In January 2017, the Department of Homeland Security (DHS) proposed to amend its regulations governing the employment-based, fifth preference (EB-5) immigrant investor classification. In general, under the EB-5 program, individuals are eligible to apply for lawful permanent residence in the United States if they make the necessary investment in a commercial enterprise in the United States and create or, in certain circumstances, preserve 10 permanent full-time jobs for qualified U.S. workers. This rule sought public comment on a number of proposed changes to the EB-5 program regulations. Such proposed changes included: raising the minimum investment amount; allowing certain EB-5 petitioners to retain their original priority date; changing the designation process for targeted employment areas; and other miscellaneous changes to filing and interview processes.

130. NUMBERING OF UNDOCUMENTED BARGES

EO 13771 Designation: Not subject to, not significant

Legal Authority: 46 U.S.C. 12301

Abstract: Title 46 U.S.C. 12301, as amended by the Abandoned Barge Act of 1992, requires that all undocumented barges of more than 100 gross tons operating on the navigable waters of the United States be numbered. This rulemaking would establish a numbering system and user fees for an original

or renewed Certificate of Number for these barges. The numbering of undocumented barges allows the Coast Guard to identify the owners of abandoned barges. This rulemaking supports the Coast Guard's broad role and responsibility of protecting natural resources.

131. IMPORTER SECURITY FILING AND ADDITIONAL CARRIER REQUIREMENTS (SECTION 610 REVIEW)

EO 13771 Designation: Regulatory

Legal Authority: Pub. L. 109–347, sec. 203; 5 U.S.C. 301; 19 U.S.C. 66; 19 U.S.C. 1431; 19 U.S.C. 1433 to 1434; 19 U.S.C. 1624; 19 U.S.C. 2071 (note); 46 U.S.C. 60105

Abstract: This final rule implements the provisions of section 203 of the Security and Accountability for Every Port Act of 2006. On November 25, 2008, Customs and Border Protection (CBP) published an interim final rule (CBP Dec. 08–46) in the Federal Register (73 FR 71730), that finalized most of the provisions proposed in the Notice of Proposed Rulemaking. It requires carrier and importers to provide to CBP, via a CBP approved electronic data interchange system, certain advance information pertaining to cargo brought into the United States by vessel to enable CBP to identify high-risk shipments to prevent smuggling and ensure cargo safety and security. The interim final rule did not finalize six data elements that were identified as areas of potential concern for industry during the rulemaking process and, for which, CBP provided some type of flexibility for compliance with those data elements. CBP solicited public comment on these six data elements and also invited comments on the revised Regulatory Assessment and Final Regulatory Flexibility Analysis. (See 73 FR 71782-85 for regulatory text and 73 CFR 71733-34 for general discussion.) The remaining requirements of the rule were adopted as final.

132. IMPLEMENTATION OF THE GUAM–CNMI VISA WAIVER PROGRAM (SECTION 610 REVIEW)

EO 13771 Designation: Fully or Partially Exempt

Legal Authority: Pub. L. 110–229, sec. 702

Abstract: The interim final rule amends Department of Homeland Security (DHS) regulations to implement section 702 of the Consolidated Natural Resources Act of 2008 (CNRA). This law extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a joint visa waiver program for travel to Guam and the CNMI. This rule implements section 702 of the CNRA by amending the regulations to replace the current Guam Visa Waiver Program with a new Guam-CNMI Visa Waiver Program. The amended regulations set forth the requirements for nonimmigrant visitors who seek admission for business or pleasure and solely for entry into and stay on Guam or the CNMI without a visa. This rule also establishes six ports of entry in the CNMI for purposes of administering and enforcing the Guam-CNMI Visa Waiver Program. Section 702 of the Consolidated Natural Resources Act of 2008 (CNRA), subject to a transition period, extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a visa waiver program for travel to Guam and/or the CNMI. On January 16, 2009, the Department of Homeland

Security (DHS), Customs and Border Protection (CBP), issued an interim final rule in the Federal Register replacing the then-existing Guam Visa Waiver Program with the Guam-CNMI Visa Waiver Program and setting forth the requirements for nonimmigrant visitors seeking admission into Guam and/or the CNMI under the Guam-CNMI Visa Waiver Program. As of November 28, 2009, the Guam-CNMI Visa Waiver Program is operational. This program allows nonimmigrant visitors from eligible countries to seek admission for business or pleasure for entry into Guam and/or the CNMI without a visa for a period of authorized stay not to exceed 45 days. This rulemaking would finalize the January 2009 interim final rule.

133. SECURITY TRAINING FOR SURFACE TRANSPORTATION EMPLOYEES

EO 13771 Designation: Other

Legal Authority: 49 U.S.C. 114; Pub. L. 110–53, secs. 1405, 1408, 1501, 1512, 1517, 1531, and 1534

Abstract: The 9/11 Act requires security training for employees of higher-risk freight railroad carriers, public transportation agencies (including rail mass transit and bus systems), passenger railroad carriers, and over-the-road bus (OTRB) companies. This final rule implements the regulatory mandate.

Owner/operators of these higher-risk railroads, systems, and companies will be required to train employees performing security-sensitive functions, using a curriculum addressing preparedness and how to observe, assess, and respond to terrorist-related threats and/or incidents. As part of this rulemaking, the Transportation Security Administration (TSA) is expanding its current requirements for rail security coordinators and reporting of significant security concerns (currently limited to freight railroads, passenger railroads, and the rail operations of public transportation systems) to include the bus components of higher-risk public transportation systems and higher-risk OTRB companies. TSA is also adding a definition for Transportation Security-Sensitive Materials (TSSM). Other provisions are being amended or added, as necessary, to implement these additional requirements.

Abstract: On October 30, 2008, the Transportation Security Administration (TSA) issued a notice of proposed rulemaking (NPRM), proposing to amend current aviation transportation security regulations to enhance the security of general aviation by expanding the scope of current requirements and by adding new requirements for certain large aircraft operators and airports serving those aircraft. TSA also proposed that all aircraft operations, including corporate and private charter operations, with aircraft having a maximum certified takeoff weight (MTOW) above 12,500 pounds (large aircraft) be required to

adopt a large aircraft security program. TSA also proposed to require certain airports that serve large aircraft to adopt security programs. TSA has decided to not pursue this rulemaking.

135. PROCEDURES AND STANDARDS FOR DECLINING SURETY IMMIGRATION BONDS AND ADMINISTRATIVE APPEAL REQUIREMENT FOR BREACHES

EO 13771 Designation: Not subject to, not significant

Legal Authority: 8 U.S.C. 1103

Abstract: U.S. Immigration and Customs Enforcement (ICE) proposes to set forth standards and procedures ICE will follow before making a determination to stop accepting immigration bonds posted by a surety company that has been certified to issue bonds by the Department of the Treasury when the company does not cure deficient performance. Treasury administers the Federal corporate surety program and, in its current regulations, allows agencies to prescribe "for cause" standards and procedures for declining to accept bonds from Treasury-certified sureties. ICE would also require surety companies seeking to overturn a breach determination to file an administrative appeal raising all legal and factual defenses.

136. UPDATES TO FLOODPLAIN MANAGEMENT AND PROTECTION OF WETLANDS

REGULATIONS TO IMPLEMENT EXECUTIVE ORDER 13690 AND THE FEDERAL FLOOD RISK MANAGEMENT STANDARD

EO 13771 Designation: Deregulatory

Legal Authority: E.O. 11988, as amended; 42 U.S.C. 5201; 6 U.S.C. 101 et seq.; ...

Abstract: The Federal Emergency Management Agency (FEMA) plans to withdraw a notice of proposed rulemaking (NPRM) that published on August 22, 2016. The NPRM proposed changes to FEMA's "Floodplain Management and Protection of Wetlands" regulations to implement Executive Order 13690, which established the Federal Flood Risk Management Standard (FFRMS). FEMA also plans to withdraw a proposed supplementary policy (FEMA Policy: 078-3), which clarified how FEMA would apply the FFRMS. On August 15, 2017, the President issued Executive Order 13807, which revoked Executive Order 13690. Accordingly, FEMA plans to withdraw the NPRM and proposed supplementary policy.
